

ILLNESS POLICY & CLEANING PROCEDURES

We would like to assure our families that My Gym will do everything we can to ensure that your child's health and yours remain intact while participating in programs at our facility.

- We follow a "Take No Chances" policy when it comes to preventing the spread of illness in the gym. We ask for your understanding when we find it necessary to enforce our policy of not permitting sick children (or adults) in the gym.
- Our make-up policies will continue to be the most flexible in our industry in order to assist you when you and your child cannot attend your scheduled class.
- My Gym's cleaning procedures are thorough, extensive, and strictly followed at all times.
 - We use non-toxic, organic cleaning products whenever possible.
 - Our ball pit is completely cleaned (and contents sanitized) a minimum of twice a month.
 - All equipment, toys, mats, and surfaces (e.g., counters, cubbies, floors, bathroom facilities), are disinfected before and/or after every shift.

As always, please do not hesitate to speak with us if you have any questions or concerns.
